## VFW Auxiliary Pledges Funds To Help Vets

The Antioch VFW auxiliary which recently donated a new 50-star flag to Girl Scout Troop 31 and another to Boy Scout Troop 92 also has pledged \$120 to Downey Vets hospital for canteen books.

The auxiliary is pledging \$10 a month for this project. Last year it also contributed \$120 to the canteen books fund.

The auxiliary recently donated to the group's cancer program, the VFW home and the child welfare program. The latter has done a great deal to help families of veterans in time of sickness.

Late in September the ladies sponsored a card party at the American Legion hall with proceeds going to further the auxiliary's hospital work at Downey.

"These are some of several reasons why the sale of poppies is so important to us," the auxiliary said. "Our way of making money is too limited in a community such as ours, where a number of organizations is trying to achieve the same goal."

Only The Antioch News photographs the local scene.

AUTO STRIKES BUILDING scene on Broadway in Antioch is shown as it looked Monday morning while workmen were making repairs to the structure. A car Antioch police said was being driven by Miss Nancy Felicia Butala, 22, of Route 1, box 150 (Paddock Lake) hit the building about 7:40 Sunday night. Some of the damage done to the one-story structure occupied by M. W. Heath & Son, contractors, and the W. V. Lahti Oil Co. is shown here. The Heath firm's part of the building was damaged, estimated at about \$2,000. Glass from windows was scattered far and wide, concrete blocks were knocked helter-skelter and doors and door jams sprung. (Antioch News photo)

## Antioch Streets — They Are Tops

Driving to most neighboring communities and trying out their streets makes us all the more thankful for the fine job done in Antioch year after year, not only in upkeep, plowing and the like but also in improvements.

The village hopes soon to call for new bids on improvements to Ida avenue. This street leading off the village's Main street and leading to an area that is being industrialized as well as to homes, is need for rebuilding.

But it is about the only one that does, aside from streets or roads which are not accepted village streets or are private roads or are outside the limits unbeknownst to many people.

Antioch was among the first—if not the first—to have its streets plowed so traffic moved smoothly after last winter's heavy snowfalls.

The windstorms of last spring brought down many branches and trees that soon were "gobbled up" by village crews.

Men are out after rainfalls this fall to clean out catchbasins and street gutters of leaves that are falling this time of year.

The village streets look clean where the village takes care of them. The street sweeping machine out early mornings before most of us are up and around make it so the streets look clean.

Other villages and cities near Antioch may accomplish the same thing and perhaps as well, but they do not equal Antioch in speed and thoroughness.

### Press Criticizes "Great Debates"

The great television debates, which attracted wide and favorable notice following the first appearance together of Vice President Richard Nixon and Senator John Kennedy are drawing harsh criticism from the press and television commentators now because they haven't produced the sparks and fireworks that were anticipated.

Most of the criticism is being directed at Nixon and Kennedy, but it seems to us that the panel of newsmen asking the questions are the real culprits responsible for the repetitious answers of the debaters.

The panels have been handling the candidates with kid gloves and on a high plane calculated to enhance their own reputations as big brains.

Perhaps more excitement would be generated if the reporters threw a few curves at the candidates and went out of their way to irritate Mr. Nixon and Mr. Kennedy, thus breaking through the carefully composed masks of the two men.

The questioners could also explore some of the areas more fully by following up previous questions instead of jumping to a new subject while the answers are still up in the air.

Republican leaders in Lake County are worried about some of the bigoted religious material making an appearance in Lake County at this time in scattered areas and emphatically disavow any responsibility for it.

Some leaflets printed in Texas and other Southern areas have gone to sickening extremes in warning voters about the dangers inherent in electing a Catholic president, but just as nauseating have been leaflets reportedly distributed by the UAW labelling anyone voting against Kennedy a bigot.

The Republican high command has repudiated the literature aimed at Kennedy's Catholicism and it certainly behooves the Democratic command to renounce the UAW material which is certainly no credit to the Democratic party or its nominee.

Some Republicans are beginning to wonder if Gov. William G. Stratton has delayed too long in getting his final drive for votes rolling at full speed.

The governor's sense of political timing has been a major factor in his past successes as he has managed to hit full momentum at the crucial point in the campaign, but his followers are afraid he might have waited a little too long this time.

Gov. Stratton himself, however, has shown no signs of panic and exudes confidence in his ability to overcome the apparent lead built up by his opponent Otto Kerner.

The invasion of Lake County by Sen. Kennedy and the slated appearance of Franklin D. Roosevelt Jr., have pumped new life into local Democrats who have been waging the most aggressive campaign in many years here.

The effect of the heavy artillery is still undetermined, but unquestionably Kennedy's appearance in Libertyville should be a big factor in the Democratic vote in Lake County.

The appearances of these big guns should also serve to jolt some of the Republican committeemen and GOP payrollers out of their doldrums and get them out ringing doorbells and carrying the Republican message to their neighbors.

WE WONDER if the Antioch Grade school board of education were about ready to reconsider and quickly a decision made Tuesday evening after members looked out their windows last Wednesday morning to see snow falling?

The board tabled a possible purchase of a snow plow that the village might be offering for a sale with the idea that it was too early or at least there was no great hurry, about considering such things as "snow."

The village apparently may be in the market to purchase a new snow plow and would offer one of those it has in service now to those needing a plow.

Of course the snow didn't amount to too much last Wednesday and perhaps the board of education took new heart with the sunny days since.

These are designed to better the relationship with the teacher and the parent, so they will both know how to help the child.

Another conference will be scheduled later in the semester.

They all enjoyed candy, soda pop, ice cream and a birthday cake with Halloween decorations.

Corky liked the three shirts he received as well as the bow and arrow set, crack up car, block set, model airplanes, chess and checker games.

## Wise Furniture Buying Meetings Set by Kenosha

By Phyllis M. Garside

Kenosha County Home Agent

KENOSHA, Wis.—Buying furniture?

Today's shopper for home furnishings needs to be well informed because of the wealth of items now available on the market.

For this reason, it is important to have a plan—a plan which grows and develops. In other words, "Know what you need and don't buy anything else until you have it!"

Otherwise buying furniture can become a disorganized shopping spree.

You will undoubtedly be spending a great deal of money and will need to "live with your purchases" for several years.

First in your plan should be the costly items such as the sofa and large comfortable chairs.

After these pieces are arranged in your room, you can readily see what additional pieces are essential. These might include a desk, chest, end tables or smaller chairs.

Because furniture today gets hard wear, we need to purchase the kind of furniture that will withstand this kind of usage.

During the month of November, Kenosha County Homemakers will be discussing principles involved in wise furniture selection and buy-manship.

Leader training meetings for the four centers will be held at 9 a.m. as follows:

Thursday, October 27 —Central Area—Home of Mrs. Richard Rowe;

## Christmas Club Checks Go Out Soon In Area

Edward F. Dorset, president of Christmas club, a corporation, today announced that the 1960 accumulation will amount to \$1,482,770,000.

Checks for this huge sum shortly will be mailed by some 8,000 banks and savings institutions to over 13,000,000 Christmas club members.

The year 1960 marks the 50th anniversary of the Christmas club plan which started in 1910.

Commenting on its growth, Dorset pointed out that on its second birthday the plan had been adopted by less than 100 banks and the average accumulation was only \$18.50 per member as compared with \$110 per member for the 1960 Club.

After a survey of members in the 50 states the corporation estimates that only a third of the total accumulation will go for Christmas spending.

## Bond Sales Totaled

U. S. Savings Bond sales in Lake county amounted to \$329,473 in the month of September for Series E and H, according to Philip L. Spidel of Lake Forest and James C. Brown of Waukegan, general co-chairmen in the county.

Purchases in the state of Illinois were \$26,077,216, or an increase of 6.7 per cent over a year ago.

### Lock Auto Doors, Remove Car Keys

Motorists who left their car doors unlocked and their keys in the ignition contributed to a sharp rise in auto thefts last year, according to the Chicago Motor club.

Such forgetfulness by motorists is just what auto thieves are looking for, according to records of the Chicago police department.

These records showed 5,632 autos were reported stolen in 1959, an increase of almost 20 per cent over the 4,721 autos taken in 1958.

The following suggestions are offered to help motorists protect their cars from theft:

Always lock doors and windows of your auto, and make sure your ignition is locked.

Don't leave packages, luggage, clothes or other valuables in full view inside the car. Such items are tempting to thieves who might otherwise leave your auto alone.

It always is a good idea to lock your valuables in the trunk, out of sight.

Don't hide your car keys in the car. Experienced auto thieves know where to find them.

If at all possible, avoid parking your auto in dark, lonely streets or in alleys where thieves can operate unobserved.

## Eye-Openers

**MATURE VISION AND ITS CARE**

Few people pass the age of 50 without experiencing some changes in vision. The most common of these is "presbyopia" — or the inability to focus on close work. This can be easily corrected by seeing your optometrist about bifocals.

The American Optometric Association has drawn up a few rules for the bifocal wearer who is unaccustomed to the new lenses. Wear them continually for the first week, try to move your paper or book rather than your head while reading, and see your doctor about any irregularities you notice.

Another vision change that takes place requires more light to see properly. Try increasing your 75 watt bulb to 100, avoid night driving on poorly lit roads when possible, or reduce your usual speed. Make sure your windshield is always clean.

## Navy Day Celebration At Great Lakes Set

**KOPPER** is a nationally known automobile race driver and has competed in numerous sports events at the Wilmot Hills course as well as at Elkhart Lake, Wis., Chanute Field, Illinois, and other major racing sites in the Middle West.

He and his associates have built some of the cars he's driven in races from wheels up.

Kopper and his team have won numerous honors in these races. Other auto racing activities include stock car racing in major Mid-West events and Kopper is currently a national champion in the fast growing miniature auto racing field, Go-Karting.

A pilot in the active Air Force reserve, Kopper holds the rank of captain. During World War II, he was a troop transport pilot in the Mediterranean theatre of operations and was cited for glider and para-troop operations.

Mr. and Mrs. Kopper and their sons, Edward Jr., and Joseph, now

live on Estate road in West Lake Forest.

"Mike" Piccone, secretary of the firm, has been one of the top Ford Motor company salesmen in the Middle West for five years.

A NATIVE of Philadelphia, Piccone settled in this area after completing Korean War service as supervisor of the Fort Sheridan motor pool.

He had also served in the Army during World War II and was recalled for the Korean action.

He and his wife, Edith, and their two sons, Michael, Jr., and Dennis are residents of Deerfield, Ill.

Vice President of the firm is Paul Sullivan of Northbrook, Ill., who is well known in the Antioch area for his activities as a member of the Gander Mountain Gun club, and other organizations.

Sullivan, a Great Lakes shipping executive in Chicago, also will be active in the new firm.

The Comet, launched midway in the 1960 auto sales season, turned into one of the big "success stories" of the auto industry by the end of the model year.

Priced competitively with the lowest priced compact cars introduced in 1960, it is still a small luxury car, Kopper said.

For 1961, Comet has been slightly restyled and Ford Motor company officials expect it to be a pace setter in the next 12 months.

The Mercury has been completely re-designed and restyled for 1961 and its range of models now begins with the Mercury Meteor "800", which is priced with the lowest priced models of the "big three."

It moves upward through the Mercury Meteor "800" and Mercury Monterey through the middle price auto market.

For the first time Mercury offers the option of both six and eight cylinder engines in 1961.

# Sequoits Will Play at Grayslake Saturday

## Close Game Lost To Ela-Vernon by 27 to 26 Score

Antioch high's Fighting Sequoits football team will be out to continue its high-scoring effort of last Saturday evening against Ela-Vernon when they take on Grayslake on the Grayslake gridiron Saturday night, October 29.

This Northwest Suburban conference contest will find the local youths meeting a team that tasted its first 1960 victory last Saturday, a 19-14 win over Wauconda. Antioch has yet to taste a 1960 win.

One-point told the victory story for Ela-Vernon against the Antioch high last Saturday evening, but before that the Fighting Sequoits put on their best scoring effort of the season before a large crowd at Parents' Night.

Two passing plays in the closing two minutes of the game accounted for the fourth Sequoit touchdown, one good from George Hogan to Joe Pleviak for 55-yards and the other covering 10-yards from Hogan to Dale Armstrong.

A pass failed for the extra point and the Bears by virtue of a place-back by Bob Krohn on the Ela-Vernon fourth TD won the game 27-26. Antioch opened the point-making of the night, ending a 43-yard drive with Hogan passing 15-yards and a touchdown to Lance Keisler. Hogan found Bob Barnstable for the PAT and the Sequoits led 7-0 at the end of the first quarter.

Ela-Vernon came back in the second period to tally twice and grab a 14-7 lead at halftime. A pass from Bruce Sandman to Dave Greene tallied one TD and the other was on a pass play from Art Hunsaker to Jim Marlowe.

The deficit for the Sequoits was cut to 14-13 early in the third stanza when Keisler romped through center for 16 yards to climax a 63-yard drive for a score.

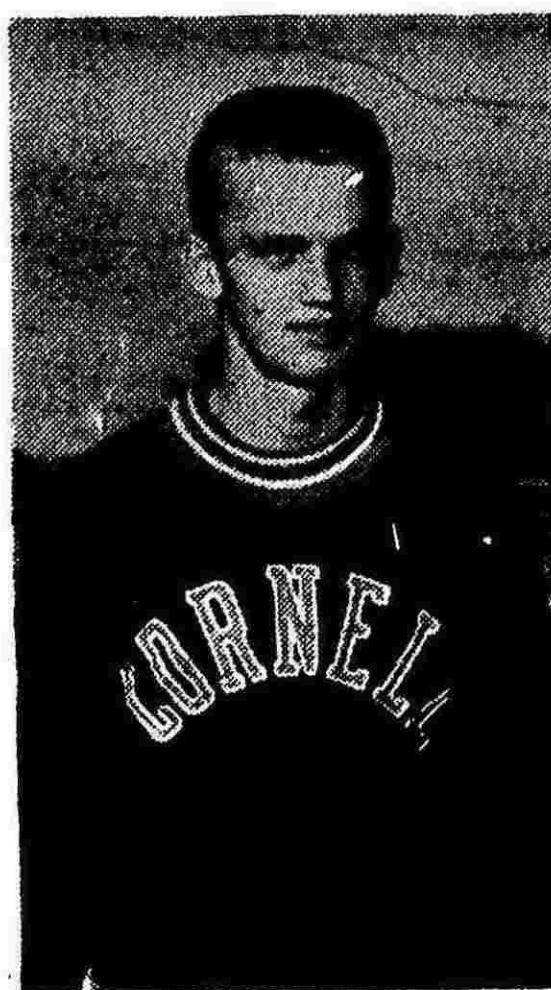

Mark Bangeman's 2-yard plunge put Ela-Vernon ahead in the scoring column 20-13 to end a 70-yard march, only to have Antioch storm back with its third TD early in the fourth stanza to tie the score at 20-20.

This Sequoit tally was set up by a fumble recovery on the Ela-Vernon 24. Hogan tallied for Antioch on a 1-yard sweep and then booted the PAT.

Joe Shober for the Ela-Vernon Bears completed a 47-yard passing play from Hunsaker in the final three minutes, scoring the fourth TD for the visitors to make it 26-20. Krohn came through with the extra point to give E-V its 27th point and as it turned out the one-point needed to win.

Keisler sparked the Antioch running attack and tallied two touchdowns, while Hogan was on the firing end of most of the Sequoit passes. Fourteen of his heaves netted 316 yards and a touchdown.

## Dressel on Undeclared College Running Team

William Dressel

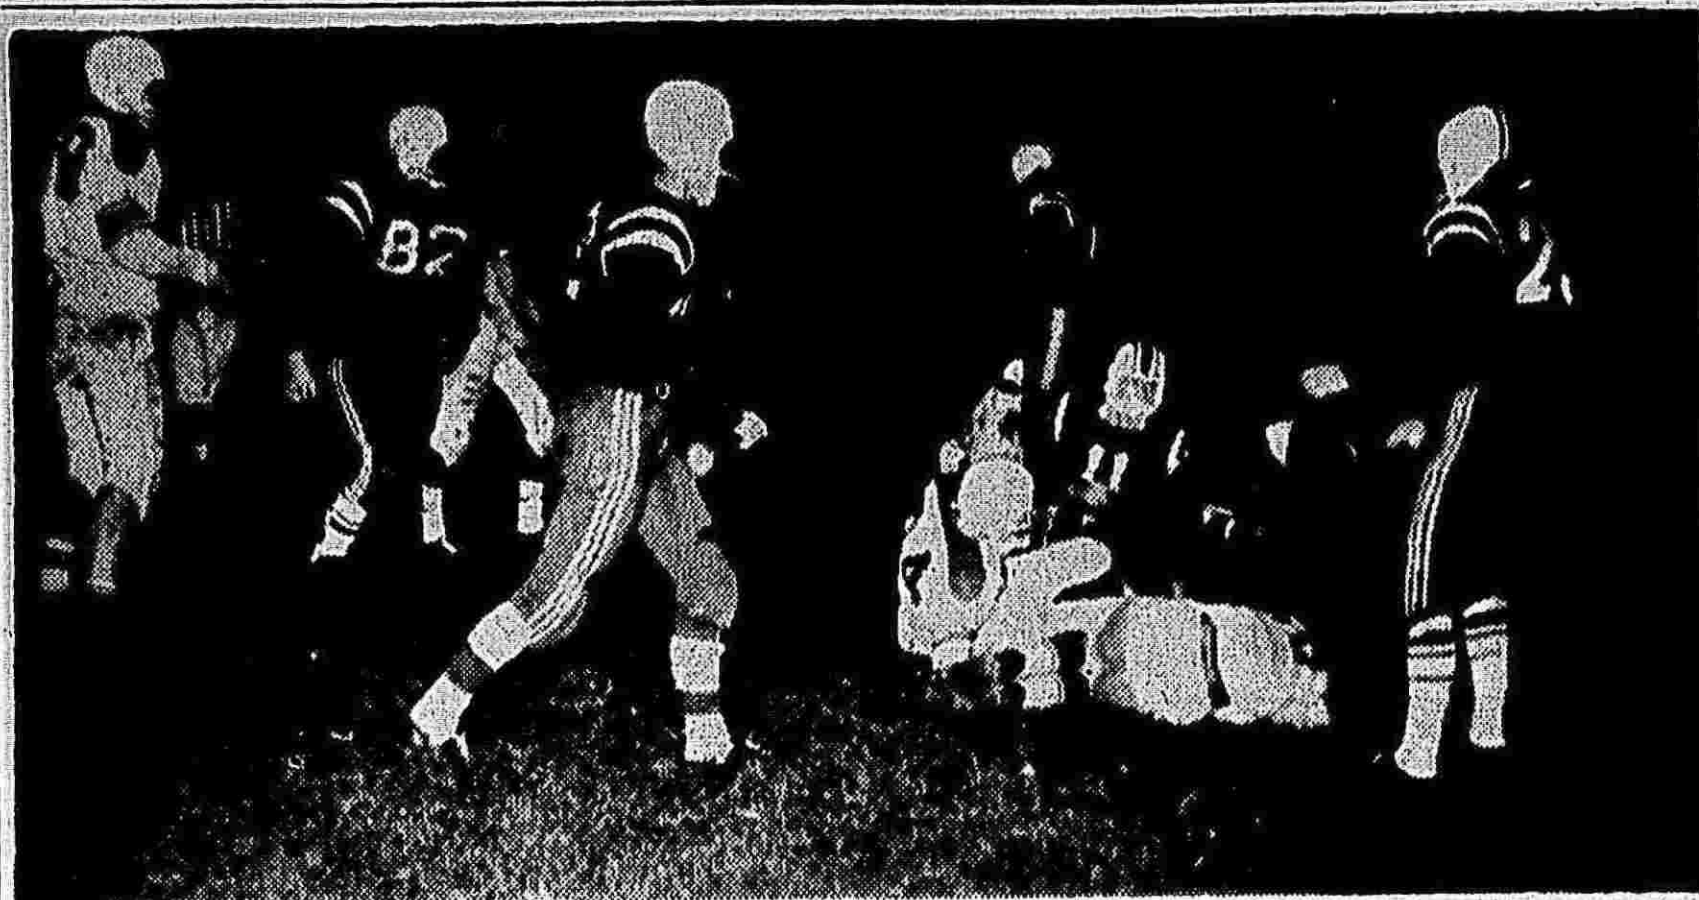

William Dressel, son of Mr. and Mrs. Clarence Dressel of Antioch, is a member of the Cornell college cross country team, which has gone undefeated so far this year.

Its record includes victories over Carleton, St. Olaf, University of Dubuque, Ripon and Beloit.

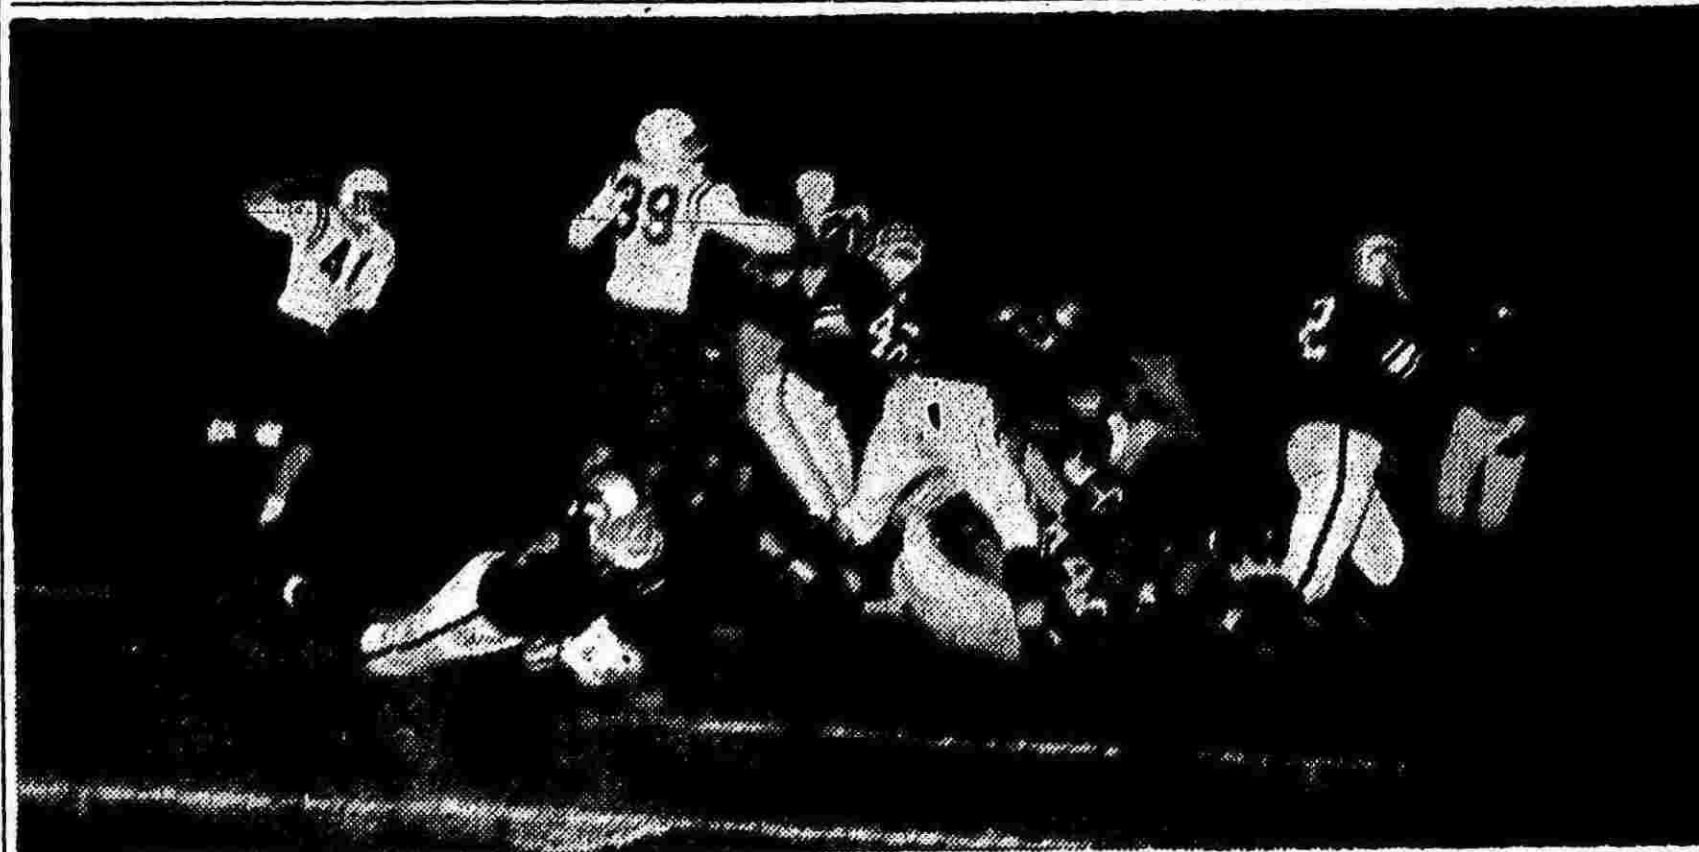

Dressel, a sophomore at Cornell, will run in three more meets, concluding the season November 5 at the Midwest conference meet to be held in Chicago.

## Will Wear Costumes

The Pinspotters Bowling league will dress in Halloween costume for its evening of kegling Friday evening, October 28.

ANTIOCH SCORING TOUCHDOWN is shown in this photo taken Saturday evening early in the fourth quarter when George Hogan (somewhere in the pile at right center of the picture) tallied from the 1-yard mark to make the scoreboard read 20-19 in favor of Ela-Vernon. Hogan, who scored on an end sweep, then booted the tie-making point. The Fighting Sequoits saw a point after touchdown in the final three minutes of the game decide the game in favor of Ela-Vernon 27-26. The goal line in this photo is just behind the fallen players. The head line-man is at the left in the striped shirt. (Antioch News photo)

FOOTBALL ACTION AT CENTRAL high school's field in Paddock Lake is shown in this photo taken during the Central-Union Grove game last Friday evening. Here is shown an attempted punt after touchdown by the Falcons caught short of the goal line (white line in bottom foreground). The 3-yard mark from which "points after" are tried is the short white line in the center. Union Grove won the game by a one-sided 42-14 tally, but at this point the game still could have gone either way as the margin was closer. Central entertains Walworth Big Foot on the Paddock Lake field this week Friday at 8 p.m. (CST). (Lake Region News photo)

## Falcons Close Grid Season Friday At Home; Panther '11' Will Travel

PADDOCK LAKE, Wis.—Salem Central High's Falcons are hoping to trip up Big Foot at Paddock Lake Friday to close out the season and make amends for their Homecoming drubbing at the hands of Union Grove, 42-14.

Coach Roger Terry said the Walworth team his charges are facing in the season windup hasn't won a conference game yet, although it did beat St. Mary's 10-7.

"We should have at least an even chance to take them," Terry said unoptimistically. "We've had more luck this season, and it's all been bad—the tide should turn some time."

The Falcons will be keeping an eye on Big Foot's star halfback Gordy Amborn, the big gun of this year's offense.

Terry's first string offensive squad has been riddled in the last two games by the absence of stalwarts Ted Smidkorn, Virgil Gentz, Jeff Grumbeck and Rick Varvil due to illness and injuries.

"Varvil and Grumbeck might be back for the last game," Terry said, "but I'm not sure."

With the missing men, the Falcons have only four seniors playing offense and three on defense. "And you can't win 'em without seniors," Terry said.

"We've lost most of our games on fumbles," he explained. "We stopped Union Grove on our two-foot line. But then we fumbled, and they went on to their second touchdown."

Scoring for the Falcons were Jim Hofer on a short pass play in the first quarter and Jim Urban on a 25-yard off-tackle run in the third. Central gained a total of 199 yards to Union Grove's 356 and made nine first downs compared to their 12.

Terry took some consolation from the fact that younger team members have been gaining in experience during the year and will be back next season. Next year's team will include at least 41 juniors and seniors.

WILMOT, Wis.—"We got beat by a team that we should be able to take in three games out of four—we should have had at least a tie."

That's Coach Bucci's summation of last week's 12-0 trouncing by Elkhorn as his Wilmot High gudders prepared to end the season with a one-two bang against the two top teams of the conference.

The Panthers face Delavan-Darien at Delavan Friday at 7:30 p.m. and then on Tuesday will cap off the year with a Dad's Night home game

against the Lake Geneva Badgers, also at 7:30.

"They're both tough teams," Bucci said, "so I'm not making any predictions."

The Delavan squad, with a 4-1 season record, plays a single wing offense and has two big guns in Bill Moyle, a back, and End Bob Hayes, a 6' 4" player who tips the scales at 220 pounds.

The Badgers run a T formation and were the pre-season favorites until hit hard by injuries. Fullback Dave Novak suffered a broken leg in the team's last game. But the Badgers have Halfback Jack McLean and Quarterback Peter Arnold, who were both all-conference last year.

Getting back to the Elkhorn game, Bucci pointed out that their squad was only inside the Panthers 35-yard line once.

Terry Reese scored on a run in the second quarter, after Elkhorn had brought the ball to the 29 on a punt.

In the third period, Elkhorn received a punt on the 50, and two plays later Joe Miles ran 45 yards for the TD.

The Panthers went inside Elkhorn's 10-yard line twice, Bucci noted, but were frustrated both times. In the second quarter a 15-yard penalty drew them back from the 4-yard line, and in the third quarter, they lost the ball on downs after surging to the 8-yard line.

## Salem Frosh Seek Victory

SALEM, Wis.—Salem junior high's football team will seek its second victory in five tries this season when it takes on last place McKinley at 4 p.m. Thursday, October 27, at the Lakefront stadium, Kenosha.

McKinley has lost four games while Salem has won a single contest and lost three.

Last week Salem lost a 27-20 decision to second place Washington as the victors scored four touchdowns in the opening minutes of play. Reserves on both sides played each other after this opening flurry. Salem's reserves outplayed their adversaries but could not overcome the early Washington lead.

Washington continued its march to the junior high title with a 26-7 win over McKinley in the other game Thursday, October 20.

## Antioch and Lake Villa Townships And Village Populations Increase

WAUKEGAN—Statistics of more than passing interest to Antioch, Lake Villa and Grant Townships and the villages included in them were released this week to show how populations in these areas have increased.

For instance for the village of Antioch statistics given by the Lake county regional planning commission showed a 71.4 increase in residents from 1950, or 2,240 people now and 1,307 ten years ago.

In 1940 the village population was 1,090, a 3 per cent drop from the 1930 total of 1,101.

Lake Villa village in the same period increased 10 per cent over 1950 with a population of 906 now as compared to 824 in 1950, 438 in 1940 and 487 in 1930. It also showed a decline from 1930 to 1940.

Lindenhurst became a village in 1957 so had no records to show before that time. Its population for 1960 is given as 1,282 or 806 persons per square mile.

ANTIOCH village has 1,623 persons per square mile and Lake Villa village has 598 persons.

Other towns nearby and their populations as compared to 1950 include Fox Lake with 3,669 in 1960 and 2,238 ten years ago or a rise of 63.9 per cent; Grayslake with 3,755 this year and 1,970 in 1950 (90.6 per cent) increase.

Also Round Lake which had 573 in 1950 and 992 now, or a 73.1 per cent rise; Round Lake Beach with 5,047 now and 1,892 ten years ago, or 166.8 per cent; and Round Lake Park with 2,558 this year and 1,836 in 1950 or 39.3 per cent.

Turning to the townships, Antioch's population in 1960 was 8,739, as compared to 5,314 in 1950, 2,708 in 1940 and 2,337 in 1930.

Lake Villa was credited with 8,143 in 1960, 3,048 in 1950, 1,373 in 1940 and 2,214 in 1930.

Grant was listed with 9,067 this year, 5,392 in 1950, 2,453 in 1940 and 1,649 in 1930.

TOWNSHIP population figures broken down into communities and villages showed these for Antioch Township.

Village of Antioch 2,240; Channel Lake, 1,095; Grass Lake, 859; Klondike-Lotus Point, 1,022; other unincorporated 2,653.

Lake Villa township figures broken down into communities and villages showed 906 people in the village of Lake Villa, 1,282 in Lindenhurst, 1,768 in Venetian Village and 4,187 in other unincorporated areas.

Statistics for Grant Township gave 3,669 for the village of Fox Lake, 360 in Grant part of Klondike-Lotus Point, 1,468 in Grant portion of Long Lake, 1,252 in Windmere and 2,318 in other unincorporated parts.

The population of Lake county has experienced its greatest growth in the last decade, the county regional commission said in its summary. The total for 1960 was 110,325.

The growth from 1950 to 1960 was also the largest per cent increase (61.6 per cent) since 1920.

THE ONLY township to record a loss was Benton and this took place when Zion Township was formed.

A comparison of the population graph produced by the commission showed that 35 per cent more people live in Lake county's unincorporated areas than in 1950 and 70 per cent more live in municipalities.

For every four persons gained in the southern part of the county, the northern part gained three new ones.

On the east-west basis, the shore townships gained almost exactly half of the total Lake county increase.

The commission noted in its report that it is a tentative one and is subject to revision by the U. S. Bureau of the census. The data is based on municipal boundaries as of April 1, 1960.

## Mrs. Church, Thompson Rated High

CHICAGO — Marguerite Stitt Church (R), incumbent, is "considered very well qualified" and Tyler Thompson (D), her opponent is "considered well qualified" for congressman by the Better Government association.

The report by the association this week further stated that Mrs. Church "has the advantage of congressional experience (and) is conservative in her voting."

Concerning Thompson "(he) would be expected generally to follow the Northern Democratic position in his voting."

"By Northern Democratic position," the association said, "we mean the position taken by a majority of the Northern Democratic members of the U. S. senate and house of representatives on a wide variety of issues."

"This position has been spelled out in general terms in the Democratic platform and by Senator (John F.) Kennedy in his campaign."

Candidates were rated on the "basis of personal qualifications, of character, ability and experience. In the case of an incumbent, diligence on the job has been taken into account."

"The BGA also has compared what the candidates stand for, as between conservative and Northern Democratic positions."

## Antioch Hi Notes

By Miss Karen Lightsey  
Antioch High Reporter

The Sequoit football squad played its last home game of the season Saturday night when it met the Elmhurst Bears on the Antioch grid-iron.

Sequit rooters watched their boys play a hard game and "go down fighting" with a final score of 27-26.

A "Parents Night" program took place on the field shortly before the opening kickoff. Parents of the senior members of the squad were introduced during the ceremony.

Mothers were presented with corsages from their sons, and the varsity cheerleaders presented fathers with mementos of the occasion.

There has been a recent addition

to the Boys' gymnasium in the form of an Indian head painted in the center of the basketball court. This image of a "Fighting Sequoit" was donated to the school as a memorial by the Class of 1960.

Friday, October 21, was a school holiday for students of ATHS as teachers traveled to Waukegan to attend a teachers institute.

Grade reports covering the first six weeks of school were to be issued today (Thursday). The first series of reports have been mailed to parents rather than being issued to students as in the past.

Operating under a new system of registration, one individual grade report will be made out for each subject a student is taking.

Preliminary scholastic aptitude tests were given to senior students last Saturday morning. These tests lasted for a period of two and a half hours.

They are designed to prepare seniors for the scholastic aptitude tests which are administered to college-bound students through the college entrance examination board.

## Junior Police Hear of FBI

By Mrs. Bernice Bernau

LINDENHURST — The Lindenhurst Junior Police club met October 18 at the Lindenhurst Men's club on Grand Avenue to hear O. A. Gran from the Federal Bureau of Investigation in Waukegan.

He also answered questions they asked.

He said that it is necessary to go to college before one can be appointed. The boys were quite interested in seeing Gran's credentials. They were told never to go with anyone, even if he said he was from the F. B. I., unless they were shown his credentials.

He showed a movie that demonstrated the different phases of F. B. I. training. An agent is required to go to training school for 13 weeks at Quantico, Va. There he is taught how the F. B. I. works on bankrobbing, extortion, espionage and kidnapping.

In the fingerprint division men learn how an amnesia victim or a person hurt in an accident can be identified through fingerprints.

The film showed how the men must learn to take apart and put together a sub-machine gun many times before agents go on the range and shoot.

The boys also saw how a prisoner is taken into custody. Every precaution must be taken to make sure the prisoner doesn't have a gun hidden on his person.

Boys were reminded to put a light on their bicycles if they are going out when it is dark and to keep their bicycles out of the way in the shopping center.

The next meeting will be at 7 p.m. Tuesday, November 1.

## Bristol Church Services Revised

BRISTOL, Wis.—The new split schedule of Sunday worship services at Bristol Methodist Church will be discontinued a week from Sunday—on October 30, Pastor Thomas Lembecke announced this week.

Effective that date, Sunday school will be at 9:45 a. m. and worship at 10 a. m.

Pastor Lembecke explained that there were not enough attending each service to justify holding both.

Pastor Lembecke also reported that the church board received no bids on the old church on Rte. 45. The board is considering offering the structure for sale again next spring.

It is looking for a bidder who will either move or raze the church, so that the site can be used as a parking lot.

Plans are going ahead for consecration services for all new units at the church, to be held on November 27. Plans call for three services, two meals and refreshments to be served twice during the day. The basement, new entryway and educational unit are to be consecrated.

## Onesti Denied Zoning Change Near Antioch

WAUKEGAN — Lawrence Onesti of Antioch has been denied his request for a change from B-1 (business) to I-1 (light industrial) in zoning of a 3.5 acre tract near Dunn's Lake.

The Lake county zoning board of appeals said, in part, "... it is poor planning to create an industrial area in so remote a spot, completely surrounded by F-Farming and R-4 residential uses."

Onesti wanted to construct a building for the storage and sale of building materials and equipment and put in a cabinet or millwork shop.

He claimed that the amount of fill which would be needed in the area makes it undesirable for residential or farm purposes.

The county board said "under the B-1 business classification (Onesti) may use it for the purpose intended, other than the cabinet and millworking shop."

## Library News

Every four years, the hectic fervor of a presidential campaign brings to the foreground the multitude of problems involved in the government of our great republic.

Much of the debate during this election year revolves around foreign policy. U. S. relations with Russia, China, India, and Africa and its role in the United Nations are prominent in every campaign speech.

The Antioch Township library has materials that every informed voter should enjoy reading.

Congressional Quarterly has published "Presidential, 1960," "The Public Record of Richard M. Nixon," "The Voting Records of John Kennedy and Lyndon Johnson" and "The Voting Records of Richard M. Nixon and Henry Cabot Lodge."

"The Illinois Voter's Handbook, 1960" has a wealth of fundamental information for the citizen.

Biographies of Richard Nixon and John Kennedy and Eric Sevareid's "Candidates, 1960" have been very popular during the past six months.

Among the many books about the American presidency are Joseph Nathan Kane's "Facts About the Presidents" and Sidney Hyman's "The American President."

"The United Nations as a Political Institution," by H. G. Nicholas, explains the U. N. organs and procedures and how the U. N. affects decision and the conduct of international machinery.

Recent books on foreign countries include:

"To Moscow and Beyond," by Harrison E. Salisbury; "Soviet Russia in China" by Chiang Kai-shek; "The Pitiful and the Proud," by Carl T. Rowan; "Struggle for Africa," by Vernon Bartlett, and "The Great Contest" by Isaac Deutscher.

Three fine books on internal problems are "Freedom to Farm" by Ezra Taft Benson; "The Question of Government Spending" by Francis M. Bator, and "Live and Let Live" by Stuart Chase.
